Penticton Declarations

October 29, 2026

Introduction

Decrees: Establish. Build structure. Create order. Enforce heaven's will.

Declarations: Revelation. Alignment with heaven's timing.

From believers previously in the occult:

- Words activate spiritual realms.
- Silence gives permission to darkness.
- Spoken declarations close doors that demons rely on.
- Believers who decree Scripture aloud disrupt occult assignments faster than silent prayer alone.

Speech is not merely sound; it is seed, it is agreement, it is direction, and it is often spiritual authorization.
